

Terms Applicable to the Notes

Issuer: General Motors Financial Company, Inc.
Guarantor: AmeriCredit Financial Services, Inc.
Trade Date: January 7, 2015
Settlement Date: January 12, 2015 (T+3)
Form of Offering: SEC Registered (Registration No. 333-199181)

**Terms applicable to
 Floating Rate Senior Notes due 2020**

Aggregate Principal Amount: \$250,000,000
Final Maturity Date: January 15, 2020
Interest Rate: The Interest Rate for the first interest period will be the 3-month U.S. dollar London Interbank Offered Rate ("LIBOR"), as determined on January 8, 2015, plus the Spread (as described below). Thereafter, the Interest Rate for any interest period will be U.S. dollar LIBOR, as determined on the applicable Interest Determination Date, plus the Spread. The Interest Rate will be reset quarterly on each Interest Reset Date.
Spread to LIBOR: +156 bps
Interest Payment Dates: January 15, April 15, July 15 and October 15, commencing April 15, 2015 (long first coupon)
Initial Interest Rate: Three-month LIBOR, determined as of two London business days prior to the settlement date, plus 1.560% per annum
Interest Reset Dates: Quarterly on January 15, April 15, July 15 and October 15, commencing April 15, 2015, and at maturity, *provided* that if any interest reset date would otherwise be a day that is not a business day, the interest reset date will be postponed to the immediately succeeding day that is a business day, except that if that business day is in the immediately succeeding calendar month, the interest reset date shall be the immediately preceding business day.
Interest Determination Date and LIBOR Calculation: The interest rate applicable to each interest period commencing on the related interest reset date, or the settlement date in the case of the initial interest period, will be the rate determined as of the applicable interest determination

date. The “interest determination date” will be the second London business day immediately preceding the settlement date, in the case of the initial interest period, or thereafter the applicable interest reset date.

Three-month LIBOR will be determined by the calculation agent as of the applicable interest determination date in accordance with the following provisions:

(i) LIBOR is the rate for deposits in U.S. dollars for the 3-month period which appears on Reuters LIBOR 01 (as defined below) at approximately 11:00 a.m., London time, on the applicable interest determination date. “Reuters LIBOR 01” means the display designated on page LIBOR 01 on the Reuters Service (or such other page as may replace the LIBOR 01 page on that service, any successor service or such other service or services as may be nominated by the British Bankers’ Association for the purpose of displaying London interbank offered rates for U.S. dollar deposits). If no rate appears on Reuters LIBOR 01, LIBOR for such interest determination date will be determined in accordance with the provisions of paragraph (ii) below.

(ii) With respect to an interest determination date on which no rate appears on Reuters LIBOR 01 as of approximately 11:00 a.m., London time, on such interest determination date, the calculation agent shall request the principal London offices of each of four major reference banks (which may include affiliates of the underwriters) in the London interbank market selected by the calculation agent (after consultation with the company) to provide the calculation agent with a quotation of the rate at which deposits of U.S. dollars having a three-month maturity, commencing on the second London business day immediately following such interest determination date, are offered by it to prime banks in the London interbank market as of approximately 11:00 a.m., London time, on such interest determination date in a principal amount equal to an amount of not less than U.S. \$1,000,000 that is representative for a single transaction in such market at such time. If at least two such quotations are provided, LIBOR for such interest determination date will be the arithmetic mean of such quotations as calculated by the calculation agent. If fewer than two quotations are provided, LIBOR for such interest determination date will be the arithmetic mean of the rates quoted as of approximately 11:00 a.m., New York City time, on such interest determination date by three major banks (which may include affiliates of the underwriters) selected by the calculation agent (after consultation with the company) for loans in U.S. dollars to leading European banks having a three-month maturity commencing on the second London business day immediately following such interest determination date and in a principal amount equal to an amount of not less than U.S. \$1,000,000 that is representative for a single transaction in such market at such time; provided, however, that if the banks selected as aforesaid by the calculation agent are not quoting such rates as mentioned in this sentence, LIBOR for such interest determination date will be LIBOR determined with respect to the immediately preceding interest determination date.

Day Count Convention:

Actual / 360

Regular Record Dates:

15 calendar days prior to each interest payment date

Calculation Agent:
